The global Korean adoptee community in Paris

Paris
GATHERING
29.06 - 01.07 2012

Founded in February 1995, Racines coréennes is an association ruled by French law gathering French adoptees born in Korea.

One of the central goal of Racines coréennes has been to empower opportunities for Korean-born adoptees of networking in France (learning more about both Korea and sharing the human experiences of adoption) and also through international community of Korean adoptees.

Racines coréennes aims to continue the tradition of Adult Korean Adoptees European Gatherings, and is proud to be hosting the next **European Gathering** from Friday June 29th to Sunday July 1st of 2012, in the beloved city of **Paris!**

Racines coréennes will be so glad to welcome a great diversity of attendees coming from around the world! Attendees will be offered all-day events, featuring several conferences providing enlightening reflection on international adoption and post-adoption, the unique chance to view an upcoming new French Cartoon Movie still in production (an animated life story by a French Korea-born adoptee cartoonist that will be released in June 2012), many performances (dance & music), and the gala dinner will be held on Saturday June 30th.

Looking forward, Racines coréennes is pleased to announce that they have launched their new website and the international Korean adoptee community will have the chance to get all information to register *online* very soon.
